PATRON

St. Anthony of Padua, born in 1195 to a wealthy Portuguese family, initially sought a worldly life with a strong education. However, God's plan led him to enter the Augustinian Abbey of St. Vincent, where he studied Scripture and Latin classics. After becoming a priest, Anthony was drawn to the simple Gospel lifestyle of the Franciscans. In 1220, upon hearing of the martyrdom of five Franciscans in Morocco, he decided to follow their example.

As a Franciscan, Anthony became a renowned preacher, praised as the "Jewel case of the Bible" at the Papal court. He died on June 13, 1231, at the age of 36. Upon his death, it is said that children cried in the streets, and the bells of churches rang

on their own, honoring him. He became the "quickest" saint in Catholic history, known as a "Miracle Worker" for his intercession in times of need.

May St. Anthony's intercession inspire us, and may God bless our institution.

"We are living in an information driven society which bombards us indiscriminately with data, all treated as being equal importance, and which leads to remarkable superficiality in the area of moral discernment. In response, we need to provide an education which teaches critical thinking and encourages the development of mature moral values"

- Pope Francis
